Brown Marmorated Stink Bug Field Meeting

Tuesday, August 13, 2019

9:00 to 11:00 AM

4606 W. Simmons Road, Turlock, CA 95380

1.5 hours DPR Continuing Education Credits *pending*

The brown marmorated stink bug (BMSB) is an invasive stink bug species causing significant economic damage to multiple crops in much of the United States. BMSB infestation in California crops was first reported in the Modesto area (Stanislaus County) in 2016 in peaches, and in 2017 in almonds.

Since then, we observed BMSB infestation in several peach and almond orchards in the northern San Joaquin Valley, with severe fruit and nut damage in some orchards.

In this meeting, we will:

- provide information to identify the bug and the feeding damage
- biology and host crops in the area
- detection and monitoring tools
- ways to prevent and control this bug in conjunction with other insect pests in almonds.

Reservations not required.

Attendees may request meeting accommodations by contacting our office at (209) 525-6800.

June 2019 ♦ Vol. 3, No. 2

The University of California, Division of Agriculture and Natural Resources (UC ANR) prohibits discrimination against or harassment of any person in any of its programs or activities on the basis of race, color, national origin, religion, sex, gender, gender expression, gender identity, pregnancy (which includes pregnancy, childbirth, and medical conditions related to pregnancy or childbirth), physical or mental disability, medical condition (cancer-related or genetic characteristics), genetic information (including family medical history), ancestry, marital status, age, sexual orientation, citizenship, status as a protected veteran or service in the uniformed services (as defined by the Uniformed Services Employment and Reemployment Rights Act of 1994 [USERRA]), as well as state military and naval service. UC ANR policy prohibits retaliation against any employee or person in any of its programs or activities for bringing a complaint of discrimination or harassment. UC ANR policy also prohibits retaliation against a person who assists someone with a complaint of discrimination or harassment, or participates in any manner in an investigation or resolution of a complaint of discrimination or harassment. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to any of its programs or activities. UC ANR is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment and/or participation in any of its programs or activities without regard to race, color, religion, sex, national origin, disability, age or protected veteran status. University policy is intended to be consistent with the provisions of applicable State and Federal laws. Inquiries regarding the University's equal employment opportunity policies may be directed to: John I. Sims, Affirmative Action Compliance Officer and Title IX Officer, University of California, Agriculture and Natural Resources, 2801 Second Street, Davis, CA 95618, (530) 750-1397.
